

OXH Pool Rules — 2021 COVID Addendum

These rules are in addition to the already published [OXH Pool Rules and Regulations](#) (found on the OXH Website) and take precedence over all previously published rules and regulations. Anyone found in violation of these rules and who refuses to comply when reminded will be asked to leave the premises and will be at risk of having theirs and their whole household's pool privileges suspended for a period of time to be determined by the Pool Committee and OXH Board of Directors. Should anyone refuse to leave the premises when requested to do so by the pool staff, the police department will be called and asked to assist in removing said resident from the facility.
